DESIGN CHALLENGE

S

T

E

M

Students ages 9-12 apply 21st century learning skills of creativity, collaboration, communication, and critical thinking in this summer program. Additionally students must work through the design process of brainstorm, design, build, test, re-design to meet specific challenges around their chosen theme. Themes include:

- | | |
|-----------------------|-----------------------|
| → Carnival & Arcade | → Furniture & Fashion |
| → Shelter & Structure | → Green Machines |

Cost: \$150.00 per child for the four day challenge
